

## Southeast Corridor Track Repair Weekly Update

### SE Corridor Track Repair Update

<b>Date:</b>	10.11.2024	<b>Reported by:</b>	Brian Farris
<b>Time (military):</b>	0800	<b>Job Title:</b>	General Superintendent, Light Rail MOW

**Work completed in the last week :**

This weekly report covers Saturday 10/5/2024-Friday 10/11/2024

In the last week, the Maintenance of Way (MOW) team performed rail defect mitigation in the Southwest corridor. The team worked in seg 25, Oxford station to Englewood station. 946' of rail was installed in segment 25. A contracted rail grinder worked in segment 21 & 22 between Mineral station and Littleton Downtown station with positive results. There will be minimal work performed Saturday October 12 and Sunday October 13 this week due to a short work window and people power shortage on the weekends.

Rail distribution, replacement, rail grinding, and slow zone mitigation will continue Sunday October 13 in the Southwest and Southeast corridors.

Some of our vehicles used for rail replacement and mitigation are back in service at this time.

**Special Instructions:**

**1. Save report using the date, time submitted, and SE Corridor as the file name, for example:**

06.17.24 1500 SE Corridor

**2. Submit updated report every Friday by 8:00am to the Colorado PUC staff listed below:**

Rebecca.White@state.co.us

Pamela.Fischhaber@state.co.us

Jessica.Sava@state.co.us

**3. Copy the following RTD staff on each submittal update:**

Dave.Jensen@rtd-denver.com

Stuart.Summers@rtd-denver.com

Brian.Farris@rtd-denver.com

Brady.Hollaway@rtd-denver.com

Erik.Wright@rtd-denver.com

Timothy.Walker@rtd-denver.com
