#### **HIGHLIGHTS**

#### SUMMARY

YTD Revenue \$418M Sales & Use Tax

\$34M Investment Income

\$29M Passenger Fares

\$505M Total Revenue

YTD Profitability \$416M Operating Expense Before Depreciation

\$64M Interest Expense

(\$198M) Decrease in Net Position

Operations Ridership of 33.0M YTD is down 4.8% vs. prior

year due in part to light rail speed restrictions.

May service changes add 27,000 more in-

service hours in 2025.

RTD is renaming Free MallRide service to 16th

Street FreeRide in support of the city's revitalization.

Year-to-date change in net position is \$60M favorable to budget. Operating expense before depreciation is \$212M favorable to budget, while grant income is behind budget by \$156M due primarily to delays in federal grant income that is now expected in H2 2025.

RTD's annual customer and community surveys show double-digit, year-over-year improvements in several categories, including perceptions of personal safety and security, the cleanliness of buses and trains, on-time performance, the frequency of service, and the agency's overall value in the Denver metro area.

Following accelerated preventive maintenance improvement efforts, RTD lifted the final of 31 light rail speed restriction put into place last year to implement more rigorous standards.

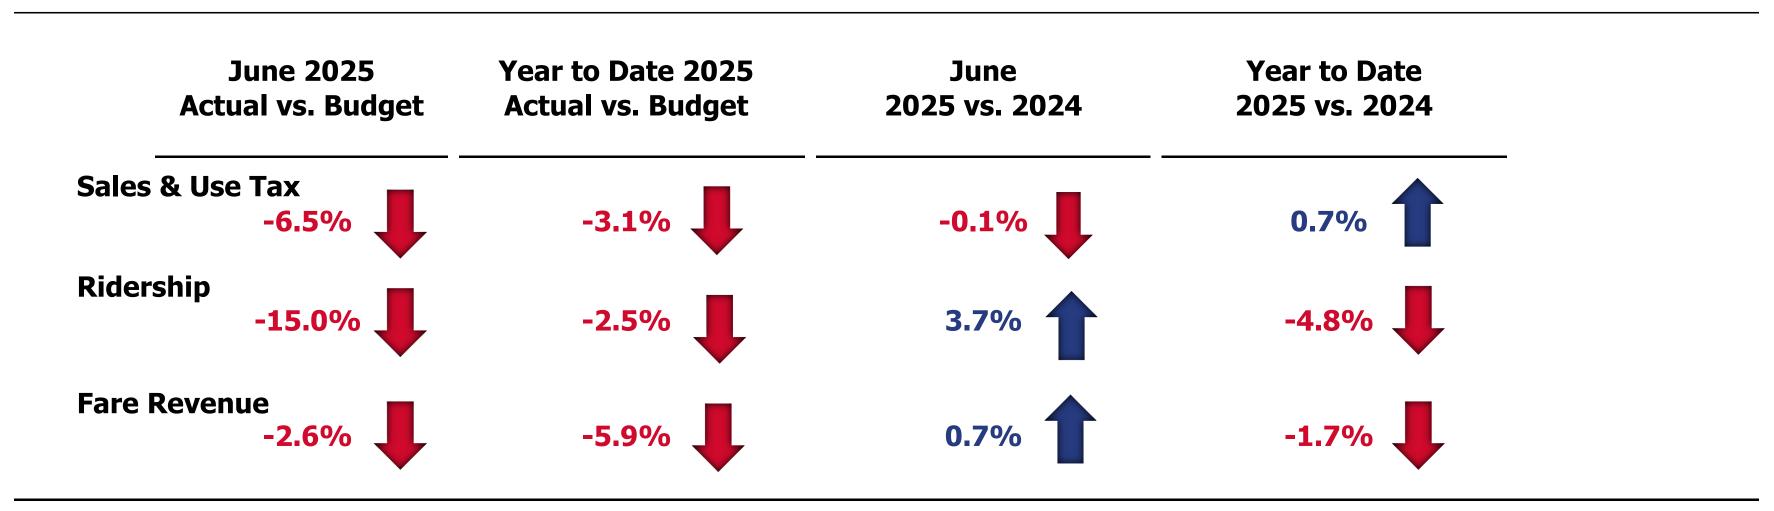

In June, RTD supported increased ridership during the Coldplay concert at Empower Field at Mile High. The concert venue's close proximity to a number of bus stops and rail stations made public transit a safe and ideal way to access the stadium.

RTD named its new Chief Financial Officer and swore in its new Chief of Police and Emergency Management.
