

Investment Status

Bridge Maintenance Services

RTD is meeting challenges and delivering transit services to the communities we serve.

Location

Various rail locations

Description

Conducting bridge maintenance at various rail locations including but not limited to Colfax, Indiana, Dry Creek, SE Rail, Tufts, and Wadsworth. The maintenance extends to all RTD rail bridges, adjacent and related structures, and culverts, except those serving the A, B, and G lines. Investment will benefit customers by improving safety, reliability, and customer experience.

Phase of Investment

Ongoing design and construction

Milestones to be completed in 2026

Complete design and/or construction for various locations

Benefits for the Customer

Safety

Reliability

Customer Experience
