

## *Investment Status*

# Arapahoe Station Elevator Replacements

**RTD is meeting challenges and delivering transit services to the communities we serve.**

### Location

Arapahoe at Village Center Light Rail Station

### Description

Total replacement of two elevators, including the refurbishment of the elevator tower with weather sealing and roofing. This investment will improve operational efficiency by reducing the need for bus bridges due to elevator breakdowns. Investment will benefit customers by improving safety and customer experience.

## Phase of Investment

Design

## Milestones to be completed in 2026

Complete design, begin construction
