

Investment Status

Bridge Maintenance Services

RTD is meeting challenges and delivering transit services to the communities we serve.

Mode

Light Rail

Location

Various Rail Bridges

Description

Conduct maintenance at various rail bridge locations. This maintenance extends to all RTD rail bridges, adjacent and related structures, and culverts, except those serving the A, B, and G lines.

Phase of Investment

Design and Construction

Funding Source

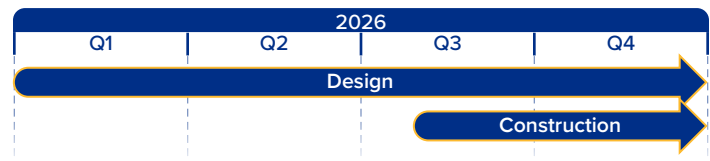

RTD funded

Schedule Status

On Schedule

Milestones to be completed in 2026

- Obtain material approvals, including a new enzyme-based waterproofing material for bridge decks
- Complete the design and construction of five bridges along the West Line. These include crossings at Colfax, 6th Avenue, Wadsworth, and the Consolidated Main Line along the western edge of Denver Union Station
- Continue the design process for maintaining additional bridges

Benefits for the Customer

Safety

Reliability

Customer Experience

Improve customer experience by repairing bridges, which will enhance safety and system reliability.

We make lives better through connections.
